DRUNKENNESS
A CUREABLE DISEASE
Eminent Physicians and Scientific Men Agree That it Should be Treated as Such
Drunkenness is a progressive disease; the moderate drinker is not satisfied with two or three drinks a day, the craving for more and more becomes irresistible as the disease advances; the result is Chronic Alcoholism.
The treatment used successfully by thousands right in their own homes is Orline. It is a scientific cure for Drunkenness and has given such universal satisfaction that it is sold under a positive guarantee to effect a cure or your money will be refunded. This guarantee is given in good faith and is carried out to the letter. Orline is not a new remedy; it has been sold by the leading druggists in every city for years. It has lifted tens of thousands from the depths to worthy manhood and has the hearty endorsement of grateful men and women in every state in the Union.
Orline No. 1 is the secret remedy; Orline No. 2, is for those willing to take the treatment. Either form costs \$1.00. The guarantee is the same in either case. Write to The Arline Co., Washington, D. C., for free booklet on Drunkenness, mailed in plain sealed envelope. Orline will be mailed sealed on receipt of price. Sold by leading druggists and in this city by Honolulu Drug Co., Fort street.

TEXAN CREW PAID OFF
At 1 o'clock this afternoon the crew of the American-Hawaiian freighter Texan was paid off at the office of the United States Shipping Commissioner, in compliance with the law. The men were at sea on Christmas and New Year's so their holiday celebrations were of necessity postponed. With a Sunday before them and a month's pay in their pockets, they are planning to have their celebration now, however.

heavy clouds on the horizon is apparent to even the most casual observer.
On the whole, Fern's appointments of department heads are satisfactory to the Board, and it is quite probable that they will stand as they are. It is in the appointment of the large host of minor officials that Fern has stirred up the Republican members, and, silent as they wish to be, they are not able to conceal their wrath, and express their wonder that the Mayor did not go so far as to appoint the road laborers and the street sweepers.
The question is whether Fern will submit his list of appointments to the Board or not. It seems probable that he will not do so. It is understood that in either case the Republican majority will insist on the right of the department heads to appoint their own subordinates, and that a battle will ensue which is bound to land in the courts seems unavoidable.
The committee appointments will be another source of trouble. Fern announced today that he would announce his committee appointments on Monday. By appointing the committees he will be following out the rules of the present Board of Supervisors, where Chairman Huestace has been appointing committees, but the Republican Supervisors intend to take this power out of Fern's hands, and to accomplish this end they have adopted the quite simple expedient of drafting a new set of rules for the Board, which they will pass by force of numbers. A draft of these rules has already been prepared, but it will undergo a few minor changes during the day. The main point will, however, remain unchanged, and that is that the committees are to be selected by the vote of the Board, in which case Fern's appointment of committees will, of course, go by the board. The Republicans feel no doubt but that this plan will work satisfactorily, and that they will thus be able to deprive the Mayor of one of the most important prerogatives which it was thought he would hold.
In addition to the main issues the Board will have a large amount of routine work and red tape to go through at its Monday meeting, which will consequently be quite a long one.
At the police station the passing of the old regime and the coming in of the new one will be a somewhat formal affair. Sheriff Iauken will have the entire force, except such men as are engaged, lined up in the Police Court room at 11 a. m., provided the court work has been finished by that time, which will quite probably be the case. If not, the police station yard will be used. He will make an address to the men, whereafter those who have not been re-appointed will turn over their badges, while the new men will be given their commissions.

THE STEAMSHIP TEXAN of the American-Hawaiian line arrived this morning from San Francisco with three days' mail. She brought 8000 tons of freight for Honolulu, which she is discharging at the Railroad wharf. During her trip down she encountered pleasant weather and smooth seas.

THE THEATRE collier Glendevon, which reached here Thursday with a cargo of coal for the Inter-Island Steam Navigation Company, began unloading today. The Glendevon shows the effects of a stormy passage between Newcastle, Australia, and this port, and will require a considerable quantity of paint before she will present a very shipshape appearance.

THE SHIP William P. Frye today signed a new cook. The cook and assistant over which the crew of the ship quarrelled, were paid off this morning.

ASSOCIATION OF SCIENCE IN 1910
President Griffiths of Oahu College yesterday received definite confirmation of the fact that the meeting of the American Association for the Advancement of Science would be held here in 1910. The convention will be held here during the summer of that year. President Griffiths received the following cable from William Alanson Bryan yesterday:
"Association unanimously reaffirms former decision convention Honolulu 1910. Jordan, president; Brigham, fellow."

This means that President David Starr Jordan, of Stanford University, has been chosen as the head of the association, and Dr. Brigham, of Bishop Museum, has been elected a fellow. The local committee will get together in a day or so and work out the preliminary plans.

POPULAR LAHAINA COUPLE MARRIED
Miss Lucy Kaukau and A. D. Furtado were married last Tuesday night at Lahaina. The wedding took place in the Wainae Church, the Rev. D. K. White, pastor, officiating.
Miss Kaukau, the first assistant teacher of the Lahaina Government school, is widely known in educational circles. She held her present position for many years and is highly respected by the community in which she lives. She received her education in the old Kawaiahae Seminary, after which she entered and graduated from the Normal School.
Mr. Furtado has been connected with the Plantation Market for many years and is a steady and industrious citizen. The newly married couple, after the wedding, received the congratulations of their friends. Presents were plentiful, and they will help the couple materially in their housekeeping. Mr. and Mrs. Furtado will continue to live in Lahaina, where they have a commodious cottage.
